

A Message from Mayor Wax

September 15, 2017

Although these letters come through the City, please know that it is a multi-jurisdictional effort that includes Aransas County and the Town of Fulton. Our level of cooperation is unmatched. We are truly One Voice --working together to rebuild.

New News:

1. Debris and Garbage. Republic has resumed its normal weekly scheduled. You may continue to use both the trash and recycling bins for your garbage. If your normal pickup date has passed, please move your bins away from the street. Recycling has been postponed indefinitely.

The heavy debris pickup is focusing on trees and limbs because of their high flammability. On Monday, we'll be getting additional trucks to pick up building materials. Please continue to keep the piles separated and off the streets. We have now removed more than **136,300** cubic yards of debris.

We will soon be posting maps that show where debris has been picked up, future routes and any updates and changes. When reviewing the maps, please note the red lines which denote TxDOT roads and highways, which are not the responsibility of the City or County. TxDot will begin debris removal Saturday morning.

2. Burn Ban. The burn ban reminds in effect. This means no burning ... period.
3. Visiting Dignitaries. Senator Cruz met with members of the Emergency Operations Center and then sat in on the 4 pm meeting. On September 21, John Sharp, chairman of the Governor's Commission to Rebuild Texas will visit the area. During all these visits and meetings, I've stressed two major needs – 1) Housing and 2) Financing for Rebuilding.
4. Rebuilding Update. By decision, City Council has waived restrictions of the use of RVs on a residential or business property where reconstruction is taking place. If there had been an existing, non-conforming structure, all reconstruction must meet current building codes.
5. SBA. Approximately \$2.4 million in loans have already been distributed in the region by the Small Business Administration.
6. FEMA. FEMA has extended its 90/10 recovery period for our area. This is advantageous for local taxpayers as it lessens the financial burden on the local government entities.

7. Red Cross Assessment. The Red Cross has completed 98% of its residential evaluation process. Approximately 566 homes are completely destroyed. Major damage has occurred and 905 homes. 1,422 have had minor damage and another 1,332 have been affected in some manner.
8. Making Progress. Walmart is now open from 7 am – 8pm, but deli and bakery are not operational. Spectrum announced that 25% of the modems are working. No changes on the October full service date. AEP is still working with individual customers who sustained some form of damage between the poles and their home. More than 80 calls were made today.

Worth Reminding:

1. Electricity. AEP announced that the circuits are up at all the transformers. About 96% of the county is back on the power grid. If you don't have power, it may be one of several issues: a) your main circuit breaker was turned off, b) there is a connectivity issue with the power lines or c) severe damage to the electrical systems in the structure. If neighbors have power and you don't, please make sure your meter is "energized," i.e. little hands moving around and dials turning. If not, call the AEP Outage line at 866-223-8508. If you have another concern, call AEP Customer Service at 877-373-4858. AEP will have representatives at the Women's Club to answer questions and resolve problems.
2. Utilities. WE NEED YOUR HELP – if you notice a leak or seepage that we may not have been able to identify, please alert us to the problem. You may contact the City of Rockport's Water Department at 361-790-1160 during normal business hours. If there is an emergency, please call 361-729-1111 or 729-2222.

We are aware that it is impossible to pay utility bills online and/ or to pay in person. We will let you know when our billing system is up and running. Do not be concerned about penalty fees, or water being shut off. Also, remember to report any leaks

3. The list of Verified Contractors is on the City's web site is updated regularly. To date, more than 560 contractors have been verified and over 2500 decals distributed.
4. Local Businesses. As businesses open, the Chamber will add them to a list and publish it on their web site. This is for ALL businesses, not just Chamber members. <http://www.rockport-fulton.org/media/uploads/files/Rockport%20Fulton%20Open%20for%20Business%20-%20Sheet3.pdf> . Walmart's pharmacy, health and beauty, grocery, and garden shop are fully open. The remainder of the store will be open within the next few days.
5. Tarps for homeowners are available at no charge in the parking lots of the old HEB.
6. Aerial Views. Drones have been taking photos of the Hurricane Harvey aftermath. Residents who wish to view before and after views of the area, should visit Harvey2017.eagleview.com
7. Curfew. Hours have been changed to 10 pm – 6 am
8. Garbage. Continue to put your household refuse in your blue and green bins. **Do not block the bins with debris or vehicles as the automated trucks are unable to access many bins on their**

rounds. Make separate piles for building debris, trees/limbs AND appliances. Place them close to the curb or on your property – not the street. The **Transfer Station** will operate 7 days a week from 7 am – 6 pm for an indefinite period. **Residents should enter via Prairie Street. Commercial contractors must take their debris to a landfill.**

9. Building Inspections. Members of the Building Officials Association of Texas have visited ALL buildings (residential and commercial) in the County to assess exterior, structural damage. Their records are with the City's Director of Public Works.

If there is a RED sticker, it means the property is unsafe and **should not be entered** for any reason. A YELLOW sticker indicates **caution**. Entry is at your own risk. A GREEN sticker or NO sticker means the structure appears to be fine.

Please note that the review was only from the exterior. The inspectors were not gauging damage to the interior including electric, gas and water utilities or water/wind damage.

10. Lost Pets. Animal Control has teamed up with the Houston SPCA to post information on lost or found pets. You may access this information by going to one of two web sites: 1) www.findingrover.com or 2) www.houstonspca.org/harvey.

11. Mail. IF your mailbox withstood the winds and is still standing, you should be receiving your mail. If your mailbox disappeared from your property, you may pick up your mail at the Ingleside Post Office, located on 2230 TX-361.

12. Goods Pickup. Ice, water and MRE (Meals Ready to Eat) are being distributed daily from 8 am – 6 pm at old HEB parking lot. The operating hours for the Fats location in Holiday Beach/Lamar are 9:30 am – 6 pm. Numerous churches also have necessities for residents in need and some good Samaritans are setting up throughout the city.

13. Government Assistance. TWIA (Texas Windstorm) has set up a mobile claims center at GSM Insurors at 1102 Laurel Street in Rockport and the Lindale Recreation Center, located at 3133 Swantner Street in Corpus Christi. The Small Business Administration **is now open** in the Women's Club building next to Veteran's Park, near downtown by the harbor, and **processing loans for individuals, as well as businesses**. FEMA is already set up at the park so this will make it convenient for everyone.

14. Save the Tree? Some folks are unsure if their trees can be saved. The Texas A&M Forestry Service will be available to answer questions and look at your property. There is a fact sheet available on line <http://tfsweb.tamu.edu/afterthestorm/canmytreebesaved/>. You may contact them directly by calling 956-8543.

15. Rebuilding. If you have suffered significant damage and are rebuilding, you will need to obtain a building permit. You may use this link: <https://rockport.seamlessdocs.com/f/CQcce> or go to the City's Web site and click on Building Department under the Departments tab. We will be posting more information about post flood requirements in the next few days.

It's getting better every day!!
