We urge you to use these letters, and information posted on City/Town/County web sites, as an accurate source of information coming from the Long-Term Recovery (LTR) meetings.

1. The Burn Ban is still in place.
2. Assistance.

Details on the event and the list of properties are available on the City's web site in the Spotlight section on the far right of the home page.   - c. FEMA. Over \$25 million has been distributed in Aransas County. There have been 2,374 flood plain claims with \$14 million paid out. They, too, have representatives on hand in the tent at the old HEB parking lot.
  - d. Commission to Rebuild Texas. Aransas County, Rockport and Fulton have finalized our detailed list of needs and have submitted a request for \$500 million.
3. Long Term Recovery (LTR) Group.
  - a. Housing. With the debris program successfully underway, now focusing on housing for residents. FEMA and GLO will have a strike team in the area after Thanksgiving to examine needs and marshal programs that can respond to them. John Ellis of FEMA will be coordinating these efforts and working directly with the LTR.
  - b. Community Development Workshop is planned to assist with economic and business redevelopment.
  - c. Two new members have joined the staff of the LTR Group. Amy Montgomery, a volunteer for the past few months, will continue working with volunteers and donations. Tammy Kenner will act as the coordinator for LTR initiatives. Both are paid positions underwritten by grants.

4. Debris.
  - a. Phase 1 is 70% complete. Over 1.4 million cubic yards of debris have been picked up by Crowder Gulf and over 250,000 by TxDOT.
